12 Roof Wooden Tipi

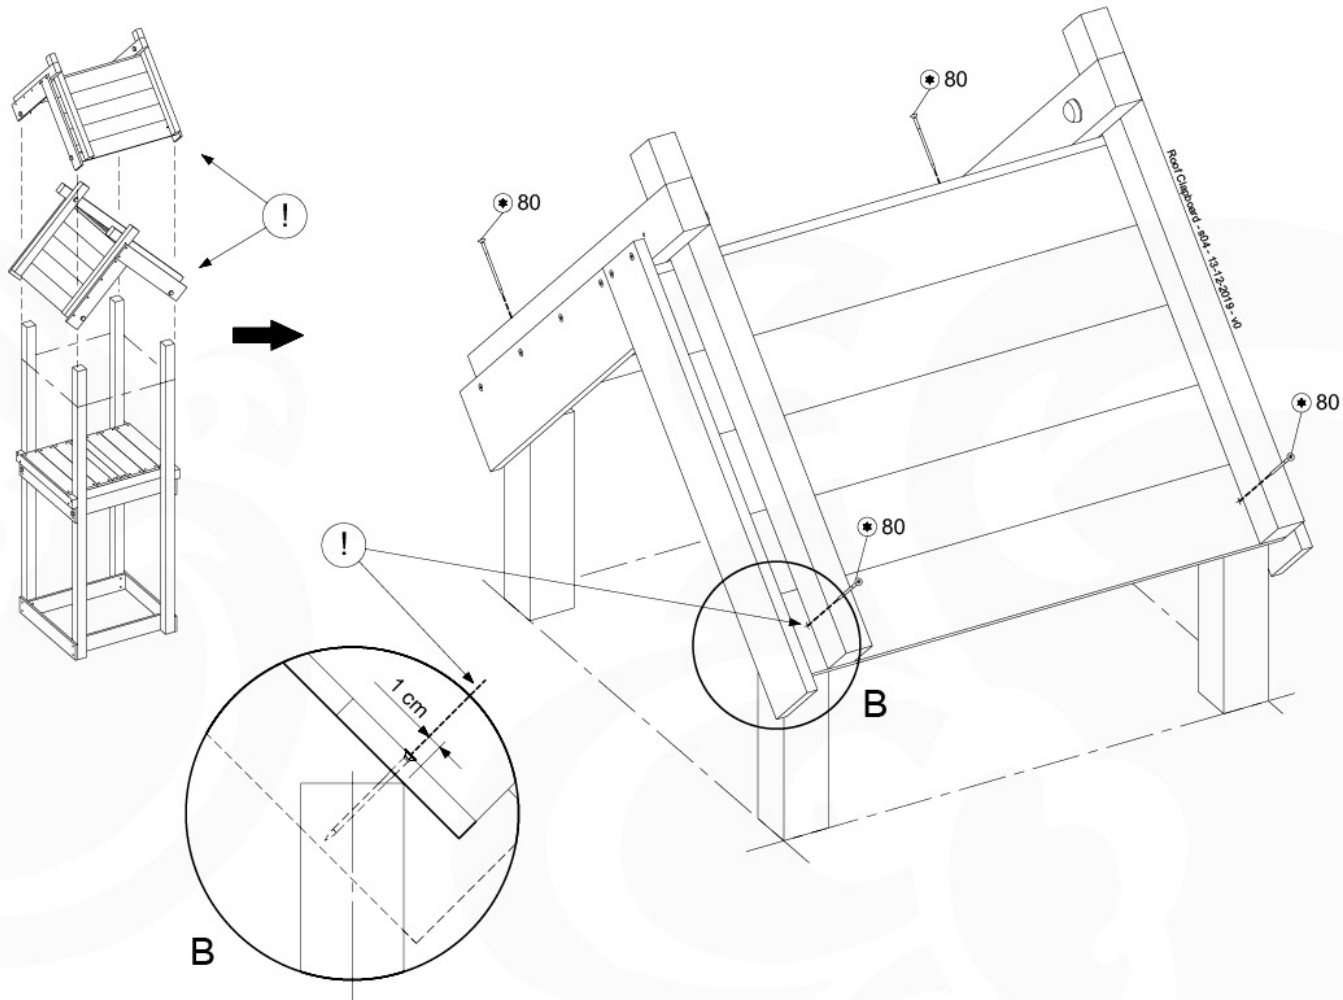

1

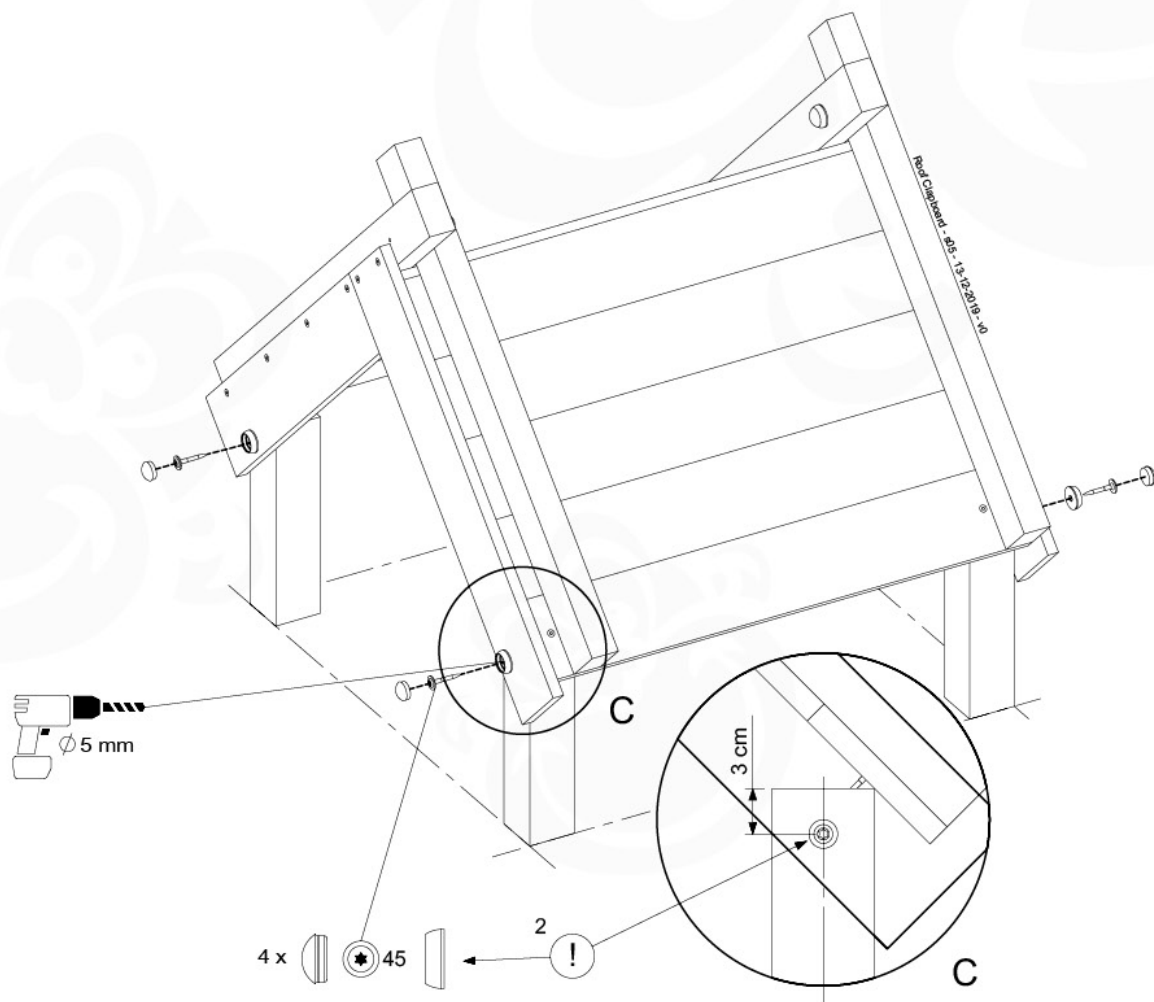

Technical drawing of a roof ridge cross-section. The drawing shows two roof slopes meeting at a 90° angle, indicated by a curved arrow and the text "90°". A dashed line represents the ridge line, and a solid line represents the roof surface. A dimension line indicates a minimum clearance of "min. 7 cm" between the roof surface and the ridge line. A warning symbol (!) is present near the ridge line. The text "Roof Clapboards #02 - 10-12-2018 - v0" is written along the left slope.

Technical drawing of a roof cladding assembly (Fig. 10). The drawing shows a cross-section of a roof structure with rafters (D65) and roof cladding (D56). Screws (45) are used to secure the cladding to the rafters. The drawing is labeled '2x' indicating two units are required.
